## 1- Overview

Iran Air Virtual Cargo is part of Iran Air Virtual organization and Iran Air Virtual is a group for flight simulation enthusiasts and is not affiliated with actual Iran Air company The Iran Air (Homa) logo is a registered trademark of Iran Air © All rights reserved. We do not in any way represent nor part of real world Iran Air Airlines.

## 2- Mission

Our goal is to simulate virtual cargo operation and transfer operation of Iran Air Virtual properties around the world. We use FSAirlines system as our primary flight-tracking platform.

## 3- Fleet

Our cargo fleet consists of the following types:

- Boeing 757-200 Freighter
- Boeing 747-400 Freighter
- Boeing 777 Freighter

We urge you to use licenced and professional simulator models for flying with us.
